Marking: Company name and material designation on part container or wrapper.

See General Information Preceding These Recognitions.

UL94 small-scale test data does not pertain to building materials, furnishings and related contents. UL94 small-scale test data is intended solely for determining the flammability of plastic materials used in the components and parts of end-product devices and appliances, where the acceptability of the combination is determined by ULI.

Cards E41590A and B (two cards) replace E41590 dated January 30, 1987.
